INFORMATION

TIME OF DELIVERY—Tubers shipped postpaid at the proper planting time unless otherwise requested, but we do not guarantee any tuber shipped before April 1st. If tubers are not to be planted at once upon arrival—they should be placed in moist sand, to prevent eyes drying out. Plants shipped from May 15 to June 15.

GUARANTEE—We guarantee our roots and plants to be true to name, healthy, and in good growing condition when delivered. If roots fail to grow we will replace them the following season with stock of like value, but it is mutually agreed that we shall not at any time be liable for a greater amount than the original cost.

TERMS—Remittances may be made in the most convenient way when sent with order, or if desired, 25 per cent. when order is placed, balance to be paid before tubers are shipped. Please add 10 cents for orders under \$1.00.

SUBSTITUTIONS—We never make under any circumstances unless authorized to do so,—you get what you order or will be notified that the order cannot be filled.

OUR GREEN PLANTS—Are all base cuttings from strong, healthy stock, rooted in moderate heat, potted off in 3 inch pots, grown cool in the greenhouse until they are shifted to outside frames. This assures a strong, stocky plant full of pep and ready to grow. We **GUARANTEE** our plants to be as fine as can be purchased ANYWHERE, YOU BE THE JUDGE.

FREE DAHLIA TUBERS AND PLANTS—As my old customers know, your orders will be filled most liberally. I could promise you more for your money but like to surprise you by doing better than I offer.

All tubers are field grown, and will produce for you.
